ON LASSO'S RACE

Trainer for the Lemp Stable Fined \$100 and Instructed to Have His Charges Perform More Consistently.

Outrunning Commodore in the stretch. after the Milam colt had set a terrific pace for the greater part of the Delmar feature yesterday, Pretension, from the Civill sta-ble, came home in the lead, equaling the track record of 1:27 for the seven furlongs. Once the gate was snapped Pretension and Commodore went straight to the front, the Milam coit instantly outrunning his opponent and opening up a gap of

four lengths. Hanging gamely on behind, Pretension caught the heavily weighted Commodore near the head of the straight, and simply galloped home ahead of the Milam 3-yearold. Pretension showed marked improve ment over his last start, and won without trouble.

In the third event Lemon Girl won rather handy victory over Second Mate. Judge Cantrill was well played, but bled in the course of the race. The fifth event resulted in a victory for

Ingolthrift, who shot to the fore as the Ingolthriff, who shot to the fore as the gate went up, and opened a gap of neveral lengths between himself and his field. Bengal was the sole contender able to remain within striking distance of the leader. Canyon was favorite, but was not able to get up.

For another unsatisfactory race on Lasso's part, Trainer Sayers was fined \$100 and was notified that any further inconsistency on the part of his horses would not be tolerated.

Tendercrest was well played in this event and came home in the lead. Ivernia managed to beat Miss Manners for the place.

place.
The second resulted in a victory for St. Flour. Blytheness was well to the lead at one stage, but tired a furloug out.
Ben Lear was running neck-and-neck with the Abel gelding, and suddenly swerved inward, when Jockey Wolff went to the whip. Ben Lear bumped Blytheness badly and sent the latter to his knees, but the incident hardly affected the result of the race.

McJelta won the first event from Wakeful.

LIPTON STILL HOPES TO WIN AMERICA'S CUP.

Instead of Abandoniug Contest He Has Given Carte Blanche to Watson.

London, England, Oct. 19.-When a copy of the Yachting World containing an article indicating that Sir Thomas Lipton would not offer another challenge for the America's Cup was shown to Sir Thomas to-day, he said it was utterly incorrect to assume that he has abandoned the idea to assume that he has abandoned the idea of challenging. He had, he said, faced great difficulties in securing a designer, but he had not given up. He had given George L. Watson carte blanche in the matter of securing a boat and was still hopeful of success.

The Yachting World says Kenneth Clark; may enter the contests.

Myrtle and Maroon Runs Up Score of Thirty-Six to Nothing.

LOCAL DEFENSE IS STRONG.

Springfield Players Unable to Break Through Boynton's Line -Hudson and Weber in the Game.

Showing better form than they have since the beginning of the season, Washington University defeated the Drury College team of Springfield, Mo., at the World's Fair Stadium yesterday afternoon. When the referee blew his whistle calling the end of the same the score stood 25 to 0 in favor of the home team. From indications the myrtle and maroon will Drury was outwelghed by about eight

ounds to the man, but could no nothing against the strong defense put up by the Vashington line. The line of Drury's team could not hold

played at full back and held the position well. He was always good for a gain well. He was always good for a gain when he had the ball, and worked well with Seth Smith, who, on many occasions, dragged and pulled him for distance. Hudson and Weber, the other new players, were also in the game, the former playing right guard, while Weber was next to him at tackle.

Stuttle at quarter ran his team well and gained much ground. He was retired in layer of Logan a few minutes before the end of the game.

Drury lost again on a fumble, and Smith, taking the ball, ran from the thirty-yard line and secured the first touch-down. He kicked the goal later. Baker was rushed across the line for the second score and Smith kicked the goal.

Washington again kicked off and later got the ball at downs. Hudson on one of the plays stole the ball and gained six yards. Lewis made five yards more and then scored the third touchdown. Smith kicked goal. The score was 18 to 6. Washington kicked off the ball and time of first half was called.

Drury kicked off at the beginning of the second half to Weber at the fifteen-yard line. He dodged the tackies and came back to center before being downed.

SMITH SHOWS PROPER SPIRIT. Allen and Wind Should Develop Into

Stars of the Cheekerboard. Smith Academy and Marion-Sime Den tal College went through a hard half afternoon.

Experts who saw the work of Smith were very complimentary in their re-marks concerning the good offensive and defensive work of that team for such a "green" eleven. The Red and White eleven is practically at new team, and their work gives promise of a good future. The team, as a whole, is perhaps a bit heavier than the Smith team of last year, and they are certainly every bit as dashy in their work. Of course, they do not show the proper amount of team work, but this will come with practice.

In line work the new team is strong, and barring a tendency to fumble, handle the bull well. The esprite de corps of the team, and the rooters is remarkable. "Smith can't have a bad team," is the way one rooter for the Red and White epitomized the situation.

Wind, in the back field of the team, showed himself to be a ground gainer of no mean ability, when he crushed through heavier than the Smith team of last year

the heavy defense of the Dentals for gains of from five to thirty yards during the afternoon's play.

Allen at right half is a whiriwind. He crushes into the line, after the hazardons and impetuous manner of the famous backs of the East, and those who watched him work yesterday predicted a brilliant foothall future for him. There is not the slightest tepldition in his work. Once he is in porsession of the ball he dashes forward like a tiger, and when he crashes into an opponent it is no child's play. Allen has the football instinct. His work is indeed inspiring. He handles himself like a knight of the gridiron should, and one day, if he sticks to the game, he will surely enhance the reputation of the local gridiron.

surely enhance the reputation of the local gridiron.

The Dentals showed to excellent advantage, and while they did not scots against Smith, they constantly held the ball in the territory of the Red and White. Marion-Sims has an excellent lot of material to pick from. Their line is composed of husters, who usually get the money, and the back field is fast. The line consists of splendidly-built fellows.

They should make an impressive showing against Shurtleff. True, Marion-Sims requires a little disciplining yet, but they have the material and the discipline should come with practice. Lineary of yesterday's practice was as folicus:
